

## PLAYING RULES

1. All matches to be played under E.B.A. rules (copy available in the club house) except where the following rules vary them.
2. Bowling mats must be used at all times. The Green Keeper, or in his absence, any Committee member, may rule the green unfit for play in adverse weather conditions. In extremely wet conditions the green keeper may rule that protective netting should be used on the green & will place a notice in the Club House or equipment shed to that effect.
3. Drinking is not permitted on the green.
4. Club members must wear white tops & grey skirts/trousers on the green at all times except where white skirt/trousers are required for specified matches. Flat-soled footwear must be used at all times. The wearing of open-toed sandals is banned for all bowling. Visiting Clubs may choose to wear coloured tops.
5. The Club Captain and Vice Captain are solely responsible for the organisation of Club Competitions, their decisions being final.
6. The first named in any competition is the challenger and shall provide a marker. The challenger shall, within seven days of the start of a round, offer three dates and times to his/her opponent for playing the match. If the challenger fails to do this within the specified time, his/her rights as challenger for arranging the match shall pass to the opponent. In the best spirit of friendly competition, mutual agreement on a suitable date should be sought. Either player is allowed thirty minutes latitude to the agreed start time, after which the match is forfeited.
7. All matches must be played by the specified round closing dates. Failure will result in automatic disqualification of both players. Variations to this rule will only be permitted in very exceptional circumstances at the discretion of the Captain or Vice Captain, whose decision is final.
8. For all Club Competitions, rink selection will be determined by rolling the dice or picking a card; even if all rinks are not in use.
9. Any members entering the Club Competitions should withdraw immediately if they know they will not be able to play on the Finals Day date published on the Club's fixture card. If during the course of the competition they become aware that they are unable to play in later rounds they must immediately withdraw from that competition.
10. If any competition entrant cannot play a round by the due date they forfeit the match and their opponent will receive a walk-over into the the next round. No Club Competition shall be won by a walk-over.
11. In the case of the Club Pairs Competition, a substitute with the same handicap may be allowed, at the Captain's discretion, up to the semi-final stage only.
12. Handicaps are assessed annually by the Club Captain.
13. Rink bookings must be made on the diary sheet in the Club House & should be arranged so that, as far as can be reasonably predicted, matches will be completed before the start of the succeeding session.
14. Visitors & non-members shall be permitted to use the green at a fee of £2.50 per person per session, but must be accompanied by a member.
15. Priority for rink reservations will be:
  1. Club League and Cup matches
  2. Club Friendly matches
  3. County Competitions
  4. Other external competitions
  5. Club competitions

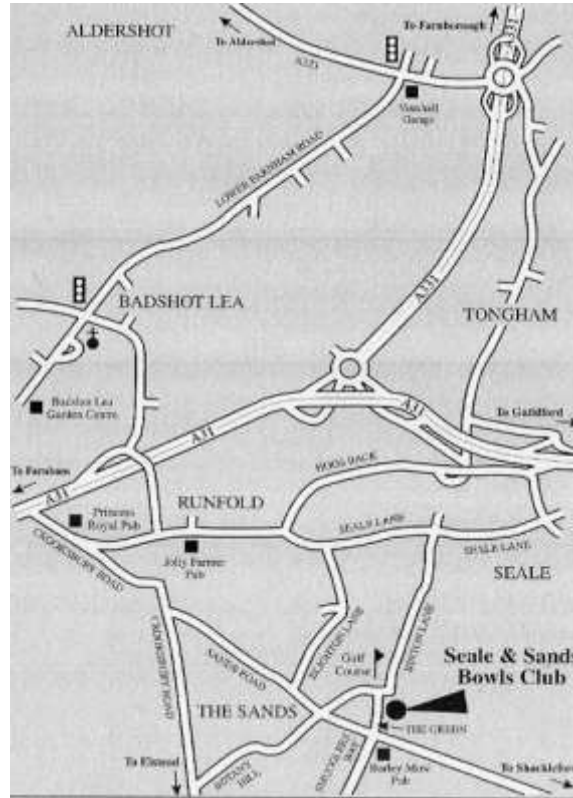

Greys to be worn except where [WHITES] is shown.

Printed 28 March 2013.
